Namibia	37	30	65

\* Due to different indicator weights and rounding, it is possible for a country to rank high on the women's or children's index but not score among the very highest countries in the overall Mothers' Index. For a complete explanation of the indicator weighting, please see the *Methodology and Research Notes*.

Country	Mothers' Index Rank*	Women's Index Rank**	Children's Index Rank***
<b>TIER II: Less Developed Countries (Continued)</b>
